PROFESSIONAL SUMMARY

Frontend Developer with 3 years of experience designing and developing responsive web applications using JavaScript, React.js, TypeScript, HTML5, and CSS3. Experienced in building reusable UI components, integrating REST APIs, optimizing performance, and delivering scalable solutions in Agile environments. Passionate about creating intuitive user experiences and writing clean, maintainable code.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, React.js, HTML5, CSS3,

Styling & UI: Tailwind CSS, Bootstrap, CSS Grid, Flexbox, Responsive & Mobile-First Design

React Ecosystem: React Hooks, React Router, Redux, Context API, React Query

Tools & Workflow: Git, GitHub, VS Code, Vite, Postman, Figma

Testing: Jest, React Testing Library, Chrome DevTools

APIs: REST APIs, JSON, Fetch API, Firebase

WORK EXPERIENCE

Frontend Developer

Nov 2025 – Present

Humana · Louisville, USA

- Develop and maintain responsive web applications using React.js, JavaScript, HTML5, and CSS3.
- Design and implement reusable React components to improve application scalability and maintainability.
- Create responsive user interfaces using CSS3, Flexbox, Grid, Bootstrap, and Tailwind CSS.
- Integrate REST APIs using Axios and Fetch API to display dynamic data within React applications.
- Optimize application performance through lazy loading, code splitting, and React Hooks.
- Collaborate with UI/UX designers to translate wireframes and mockups into functional web pages.
- Ensure cross-browser compatibility and mobile responsiveness across multiple devices.
- Participate in Agile/Scrum ceremonies including sprint planning, daily stand-ups, and retrospectives.
- Utilize Git and GitHub for source code management, version control, and code reviews.
- Troubleshoot and resolve frontend issues to enhance user experience and application stability.

Frontend Developer

Feb 2022 – Nov 2023

Suneratech · Hyderabad, India

- Developed interactive and responsive web applications using React.js, JavaScript, HTML5, and CSS3.
- Built reusable React components and implemented state management using React Hooks and Context API.
- Created responsive layouts and user interfaces using Bootstrap, CSS Grid, and Flexbox.
- Consumed RESTful APIs and displayed real-time data within frontend applications.
- Implemented form validations, dynamic routing, and user authentication features.
- Enhanced application performance through code optimization and component reusability.
- Worked closely with backend developers to integrate APIs and ensure seamless data flow.
- Conducted debugging and troubleshooting using Chrome Developer Tools.
- Participated in code reviews and maintained coding standards across the development team.

- Collaborated with QA teams to identify and fix UI and functionality issues.

Frontend Developer Intern

Nov 2021 – Feb 2022

Suneratech · Hyderabad, India

- Developed and styled responsive web pages using HTML5, CSS3, and JavaScript under senior developer mentorship.
- Contributed React UI components to a live customer portal, gaining hands-on exposure to production workflows.
- Resolved cross-browser CSS bugs, improving UI consistency across Chrome, Firefox, and Safari.
- Mastered Git branching strategy and Agile sprint ceremonies within the first month.

EDUCATION

Master of Science, Information Systems

Jan 2024 – Dec 2025

Saint Louis University, St. Louis, MO

Bachelor of Technology, Electronics & Communication Engineering

Aug 2017 – Sep 2021

Sree Dattha Institute of Engineering and Science, Hyderabad, India
